- Continuous improvement habit

## Software Trainee (Python & Django)

Varal 5.0 | RWHC Ad Job Posting | May 10, 2021 | Page 2/3

Varal has a new mission: To make it easy for people in the United Arab Emirates to apply to institutions. Via automation.

The technology being developed to do so at a low cost and embody myriads of variations is challenging.

The mission is clear, but the steps to get there will keep changing.

Are you able to cope with uncertainty and changes in organization structure, responsibilities, and teams?

Do you learn continuously or do you think that learning ends with the degree?

Do you have a sense of urgency to get a task completed? Can you pivot whenever you face failure?

Are you willing to give all to this mission?

If yes, then take this opportunity and apply.

**Education:** Bachelor's Degree in Software or Computer programming, Certificates in Python or Django will be useful

**Experience:** 0-1 years of experience

**Total Compensation:** INR 19,000 to 24,000 / month

### Application Process:

- Your application along with the others will be shortlisted as quickly as possible

- Next those within the 1st shortlist will be invited for preliminary interviews by an HR led panel
- Check in your SPAM folder to make sure that you haven't missed it since the interviews will be held quickly
- The 1st interview will be held on: **19-May-2021** via Google Meet and you will be informed on the same day whether you have been shortlisted for the next round of interviews.
- If the interview panel is running late for your appointment, wait patiently. They haven't forgotten you
- Those in the 2nd shortlist will be given a project to see whether they understand the job requirements and can actually do the job. This will also give you an opportunity to see if you want to become a Varalian and work with Varal.
- Those successfully completing the project will be invited to present their projects, via Google Meet, in a final interview with the CEO and MD, which will be held a few working days after the 1st round of interviews.
- Your presentation should be around 30 min. Details will be given with the project assignment.
- The selected person will be given a contract for an unlimited period and be expected to join Varal immediately.
